There is no mystery about a thing when you know all about it—to an Indian lightning is a god, to Thos. Edison it is a servant.

At the Made in El Paso Show I am exhibiting a coat in the making, showing how it is made by hand— I am revealing a mystery.

When you see the intricate work on this job you will understand the cost of labor in its making and why I cannot afford to put cheap workmanship into it-

ALSO you will understand the TRUTH of my public statements about CLOTHES, their value, their cost and their fit and style.

See this show by all means—see all the exhibits—the show is a free school for people who want to learn something.

WHAT A "Q. S. S." IS?

A "Q. S. S." is a QUALITY SERVICE STORE, the opposite of a cash age earry

The cash and carry store is cutting prices and offering you certain articles at less than retail cost, insists that you not only pay cash for every penny's worth of merchandise as you buy it, but that you further inconvenience yourself by carrying home with you all of your purchases.

In contrast to this store, the Quality Service Store extends to you the convenience of a charge account. It goes further than this-your groceries are delivered to your own door; you do not even have to go to the store to do your ordering, for it may be done over the phone.

Ours is a Quality Service Store and we carry for your selection only "quality" goods, thus establishing your confidence in our stock.

An example of this quality is RYZON.

RYZON is the best baking powder used by the best hotels, clubs, institutions, food expetra and "quality service stores" all over the country. We sell it because we've tested it and we've used the RYZON Baking Book. We recommend both—RYZON is 40 cents

Then we have so many nice new goods coming in every day that it will pay you to come in and get acquainted with our stock, it will be a pleasure for its to show you these new goods and tell you the prices.

NOTE: We close Saturdays at 7:30 p. m.
